VETERAN IDENTITY & ACCESS MANAGEMENT SPECIALIST

Extensive track record in leading, architecting, implementing and rescuing Fortune 500 identity management projects including provisioning, access and federation.

- ◆ Architected, lead and rescued several large Fortune 500 identity and access management projects including:
 - Capital One's SSO (Entrust)
 - Capital One's SarbOx Provisioning (74 financial apps, 30,000 workers) (Sun)
 - Boeing's SSO (1.5 million users, 1,500 applications, 15 different business units)(Obliv)
 - Re-engineered SSO for the largest US Healthcare, Kaiser Permanente (Oracle and Tivoli)
 - Toronto Hydro's identity management program (Oracle)
 - Toronto Hydro's audit and security report implementations
 - Toronto Hydro's Smart Grid Conceptual Architecture
- ◆ Hands-on experience leading all stages of identity and access management efforts, including requirements definition, budget preparation, three year road map design, RFP issuance, system design, architecture, implementation, testing, and support.
- ◆ Outstanding leadership abilities; able to coordinate and direct all phases of project-based efforts while managing, motivating, and leading project teams. Have acted as program manager, project manager, architect and senior analyst
- ◆ Adept at developing effective security policies and procedures, project documentation and milestones, and technical/business specifications.
- ◆ Excellent abilities in getting Finance, HR, Marketing, Facilities and Purchasing to participate in redesign of their identity business processes
- ◆ Integration experience with integrating physical and logical security systems
- ◆ Written papers on use of DNA for birth and name records and made proposal for eHealth content management and enforcement standards

CORE COMPETENCIES: Identity and Access Management, Architecture, Program Management, project Management, Budget Management, RFP Preparation, Identity Roadmaps, Authentication, Entitlement, Authorization, Audit, Network & Systems Security; Business Impact Analysis; Regulatory Adherence; Data Integrity/Recovery; Disaster Recovery Planning; Contingency Planning; Research & Development; Risk Assessment; Cost Benefits Analysis

PROFESSIONAL EXPERIENCE

Humana, Louisville, Kentucky

September 2010

Identity Roadmap

Analyzed Humana's identity requirements, their existing infrastructure and proposed an identity roadmap for them.

TORONTO HYDRO, Toronto, Ontario

Sept 2009-March 2010

Smart Grid Conceptual Architecture

Led the preparation of a conceptual architecture (using identity and access management) for smart grid. Prepared tactical planning documents.

TORONTO HYDRO, Toronto, Ontario

Feb 2008 –May 2008

Security Assessment Planning

Led their planning to address cyber security audit deficiencies including identity management, SCADA network security, corporate network security and smart meter security.

TORONTO HYDRO, Toronto, Ontario

Sept 2007-Dec 2008

Identity and Access Management (IAM) SME, Architect and Program Manager

Did requirements analysis. Prepared three year budget. Lead business process reengineering with HR, Purchasing, IT and Facilities. Prepared four RFP's covering IAM software (access control, provisioning, web services, identity management, physical security integration, web services and federated identity), ERP-enterprise directory design and implementation, IAM implementation and XML Firewall Gateway server. Lead SCADA cyber-security design. I prepared SOA and web services security standards for Toronto Hydro to use with their SOA and web services projects. Led their planning to address cyber security audit deficiencies

HVL, WEST VANCOUVER, BC

Sept 2006-Aug 2007

Security Awareness Product Development

Created a series of three-minute security awareness training products. These products are in Flash and are customized for the enterprise including enterprise branding and local contact information. Products are available in 10 different languages (www.traininaflash.com).

PCS CORPORATION, SASKATOON, SASKATCHEWAN

July 2006-Aug 2006

Identity and Access Management (IAM) SME

Did requirements analysis. Prepared three year budget. Prepared three year IAM roadmap. The recommendations were for Sun.

KAISER PERMANENTE, Walnut Creek, California

April 2006- June 2006

Identity and Access Management (IAM) SME

Reviewed all their existing IAM implementation. Prepared 100 page report recommending significant changes to all areas of their deployment. This project used Oracle (Oblix) and IBM.

CAPITAL ONE, RICHMOND, VIRGINIA

August 2004- February 2006

Identity and Access Management (IAM) SME

Led their Sarbannes-Oxley provisioning process. I built a team of over 30 people to quickly reengineer their business processes for 74 financial applications for 30,000 workers. This project used Sun for the provisioning product.

CAPITAL ONE, RICHMOND, VIRGINIA

July 2003 – April 2004

Identity and Access Management (IAM) SME

Rescued their SSO project (Entrust). I also prepared their overall identity architecture.

BOEING, SEATTLE, WASHINGTON

2002

Identity and Access Management (IAM) SME

Lead their SSO implementation for 1,500 applications, 1.5 million users, across 15 different businesses.

OBLIX, CUPERTINO, CALIFORNIA

2000-2001

Identity and Access Management (IAM) SME

Designed consulting processes for implementation of IAM into large corporate enterprises

GTECH, WEST GREENWICH, RHODE ISLAND

Sept 1998-October 1999

Systems Analyst

Reviewed internal marketing systems. Worked with sales and marketing teams to prepare faster access to sales data and assisted with retailer selection based on block level information.

JUSTICE INSTITUTE, PARAMEDIC ACADEMY, VANCOUVER, BC

July 1998-August 1998

Systems Analyst

System analysis and design of 3,000 user intranet for paramedic training throughout the province of BC. Work included definition of requires for intranet, reviews of firewall security, IT personnel, network design, connectivity, data mart requirements, vendor RFP preparation and creation of the project team.

SKILLS CANADA, VANCOUVER BC

Feb 1998–June 1998

Systems Analyst

Systems analysis and design of 12 intranets linked to a national intranet.

BC LOTTERY CORPORATION, VANCOUVER, BC

Aug 1997-Jan 1998

Systems Analyst

Systems analysis and design of intranet, extranets and internet.

ABBOTSFORD , LANGLEY, MAPLE RIDGE AND MISSION SCHOOL DISTRICTS, BC

Mar 1997-July 1997

Systems Analyst

Systems analysis and design of human resource and recruiting systems for intranet and extranet automation.

WEST VANCOUVER SCHOOL DISTRICT, WEST VANCOUVER, BC

Nov 1996-Feb 1997

Systems Analyst

Systems analysis and design of IT infrastructure for creation of a wide area metropolitan network, intranet and internet site. The school district was the first in Canada with fiber broadband to most of its schools.

- ABBOTSFORD SCHOOL DISTRICT, ABBOTSFORD, BC Aug 1996-Oct 1996
Systems Analyst
Systems analysis and design of technology infrastructure.
- BC MINISTRY OF EDUCATION, VICTORIA, BC Mar 1995-Aug 1997
Internet Compass for Schools
Produced "Internet Compass for Schools" - a print and electronic compendium of over 1,200 of the best internet based learning sites.
- INTERNATIONAL HUMAN RESOURCE INFORMATION MANAGERS Jan 1995-Dec 1996
HR Systems Workshops
❖ Workshop presentations on the use of the internet and intranets in human resources across the United States and Canada.
- MINISTRY OF SMALL BUSINESS, BC Feb 1995-Mar 1996
Internet Systems Workshops
Training on the system design and requirements for small businesses to use the internet in their normal business workflows.
- PATHFINDER LEARNING SYSTEMS, TORONTO/CAIRO Dec 1994
Systems Analyst
Systems analysis of a web based learning delivery system.
- BC HYDRO, VANCOUVER Jan 1992-Dec 1994
Systems Analyst
Systems analysis for placing HR functions on the intranet and internet.

EDUCATION

Bachelor of Science Degree (1979)
UNIVERSITY OF ALBERTA – Edmonton, Alberta
